## PORTABLE PAYMENT WITH AN UNPARALLELED TRACK RECORD.

The NURIT 8000S gives you precisely what you want in a portable payment device. Security and reliability in transaction processing, exceptional flexibility to tailor solutions to your requirements, and best of all; a proven track record that's second to none.

When business is busy and customers are on the go, you need the payment processed as fast and effortless as possible. The NURIT 8000S offers a large, backlit graphical display and keypad. The convenient touch screen with signature capture capability allows customers to quickly approve their transactions, without juggling pen and paper. The drop-down on-screen menu and a virtual keyboard, help simplify usage. The Nurit 8000S supports a broad spectrum of short and long-range wireless options, which enables you to process transactions anytime, anywhere. Not to mention, the rechargeable batteries help ensure your Nurit 8000S will keep working throughout your longest days.

The NURIT 8000S will securely and efficiently handle your credit, debit, EBT, and value-added transactions, such as gift and loyalty cards.

### BENEFITS AT A GLANCE

- Accept payments everywhere
- Easily view the large, backlit display under any lighting condition
- Get transactions approved and signed electronically
- Enjoy unmatched security, durability, and reliability

The Nurit 8000S includes a built-in PIN-pad and a fast, quiet, graphical thermal printer. In addition, your transactions and customer's data are protected with state-of-the-art anti-fraud features.
