# V<sup>x</sup>610

Portable Powerhouse

[yourcreditcardprocessor.com](http://yourcreditcardprocessor.com) at JR-N-Associates presents **Wireless That Works!**

**VERIFONE'S V<sup>x</sup>610** wireless terminal delivers reliable, high-speed performance, advanced functionality and exceptional ease of use. Using the latest and most popular wireless technologies, the V<sup>x</sup>610 allows secure transactions to be processed just about anywhere, at any time.

It's the ideal processing solution for outdoor markets, taxis, delivery services and restaurants who offer pay at the table or drive thru services.

**Complete secure merchant processing transactions wherever you are!**

This is a great advantage for everyone who wants to offer their customer's the peace of mind their credit card transaction is being professionally handled and not written on a piece of paper to be manually keyed in later; not to mention the huge savings you will have by swiping the cards. Wherever you put it to work, this terminal handles even the most complex mag-stripe or smart card transactions with ease. Plus, the V<sup>x</sup>610's battery-powered, all-in-one design totally eliminates the need for cords, dongles and charging bases, giving you more mobility and hassle-free performance than ever before. The V<sup>x</sup>610 incorporates the latest protections against fraud and tampering. Plus, with the VeriFone name on the outside you know you are getting quality and reliability on the inside.

# V<sup>x</sup>610

Portable Powerhouse

## FEATURES & BENEFITS

### **Portability Means Flexibility**

- Accept credit and debit cards anywhere, anytime — instantly add an extra lane during busy holiday seasons or peak store hours.
- Save on counter space and reduce clutter! No need for clumsy, expensive docking stations or power cords.
- "Always on" connection and lightning-fast processing means customers spend less time waiting.

### **Ease of Use and Familiar Design**

- Industry-leading SoftPay software provides a flexible and familiar environment.
- ATM-style interface, large keys, large back-lit display with bold menu prompts, and ergonomic design.
- Value-added applications generate more revenue opportunities through gift and loyalty programs.
- Convenient applications track time and attendance and even can verify employment.

### **Features That Complete the Package**

- Dual modem design — process transactions in-store using traditional dial or operate wirelessly.
- Modular design allows you the latest technologies and upgrade when new ones become available.

### **Wireless You Can Count On!**

- Long-life battery makes all-day use possible.
- Industry leading performance antenna provides connectivity in hard-to-reach areas.
- Large counter top paper roll eliminates the need for multiple changes during the day.
- Integrated dial modem will keep you connected when there isn't a wireless signal.

## Optional Accessories

### **Battery**

*Industry-leading battery performance with large capacity goes all day*

### **Battery Charger**

*Charge an extra battery for high volume environments or while on the road*

### **Carrying Case**

*Nylon cover with shoulder strap for added protection and carrying convenience*

### **Privacy Shield**

*Privacy Shield to guard against unwanted PIN entry viewing*
